Viney Mittal, J. (Oral)

The petitioner has challenged the communication dated September 5, 2006 (Annexure P-4) sent by Beant College of Engineering & Technology, Gurdaspur-respondent no.2 to the petitioner whereby a decision has been taken by Punjab Technical University, Jalandhar-respondent no.1 that the admission of the petitioner in the College has been rejected on the ground that the petitioner had not passed the subject of mathematics at 10+2 level which was a requirement for admission in B.Tech Course.

Sh. Tarun Gupta, learned counsel appearing for the respondents has produced before us the Information Brochure and Application form for admission to the first year of Bachelor of Technology for the academic session 2006-07 which provides that for admission to Engineering and

Technology Courses only such candidates "who have passed the 10+2 examination with Physics and Mathematics as compulsory subjects" along with other subjects mentioned in the said prospectus would be eligible.

Concededly, the petitioner has not passed the aforesaid compulsory subject of Mathematics in her 10+2 Examination.

In view of the aforesaid fact, the petitioner cannot be treated as having the eligibility conditions for admission to B.Tech Course and that is why her application form was rightly rejected by the University.

Dismissed.

However, the respondents are directed to return the original certificates submitted by the petitioner at the time of seeking admission.
